

*Elegant technology to entertain, simplify and enhance your lifestyle.*

**H3 Digital** was founded in 2004 by a family team with a passionate interest in the application of technology in the home. Their Smart Home solutions guarantee the very highest levels of quality in elegant, easy-to-use systems, making it simple for people to enjoy and control their homes.

An enviable reputation built on hundreds of successful H3 Digital Smart Home installations throughout Thailand, allows them to exclusively represent the finest home technology available;

**KNX by Gira**

The world's most widely used Smart Home system and the only international standard for home and building control – ISO/IEC 14543-3. Stylish, reliable and powerful are words that only start to describe this stunningly attractive system.

**Sonos**

The Sonos Digital Music System is the first and only multi room digital music system with a wireless, full-color LCD screen controller that lets you play all your digital music, all over your home, and control it all from the palm of your hand.

**Nuvo**

Multi room audio featuring stylish Organic LED keypads and available with special iPod Docks that allow the iPod menu to be seen and used in any room. Nuvo recently introduced the world's first Energy Star multi room audio system.

Going forward, H3 Digital are increasingly involved in promoting energy saving and eco friendly technology. In conjunction with a prominent UK energy efficiency expert, they are designing and installing Smart Home systems to realize up to 60% savings from homeowners' monthly electricity bills.

Managing Director, Ben Hobbs says *"it's a win-win situation for all those involved, energy efficient technology costs no more than its unfriendly counterpart, saves our clients substantial money and helps preserve the Earth's precious resources"*.

To ensure that your home is future proof, features only the very best technology and doesn't waste energy, contact H3 Digital for a consultation.
